

Webinar on

“QUALITY ASSURANCE IN WORK PLACEMENTS ABROAD”

An online webinar for trainers, teachers and education
managers and others interested in the topic

Thursday, 3 July 2014, 2.30 pm (CET)

WEBINAR DESCRIPTION

When following the webinar about quality assurance in work placement with EQAVET, participants will get knowledge and a feeling for practical ways to implement EQAVET in work placement to ensure quality in that work placement. EQAVET seems to be very theoretical but can help you in practice to guarantee quality during processes.

TARGET GROUP

The webinar ‘quality assurance in work placements abroad’ is primarily addressed to those already working within vocational education and training and involved in mobility activities in the context of teaching and training. This includes trainers, teachers and education managers in private and public VET providers and industry but also members of staff within competent bodies and social partner organisations who are involved into the implementation of vocational education elements such as international mobility as well as assessment and quality assurance that is effected by ECVET.

YOUR EUVET SUPPORT EXPERT

Monique Jordense is consultant ‘Vocational Education and Training’ within KCH International.

She is an educational researcher and responsible for European projects in the framework of the lifelong learning programme of the European Commission (Leonardo da Vinci resp. Erasmus+).

SETUP OF THE WEBINAR

The webinar will be split into two parts. In the first part of the webinar you’ll receive an introduction into the overall topic by our webinar expert. Afterwards you’ll have the chance to ask questions and to discuss with our expert about the topic. Please feel free to provide prior questions to be addressed during the webinar.

Taking part in this webinar

Technical requirements:

We are using Adobe Connect in order to implement the webinar technically. In terms of equipment you will need a *computer* and *loud speakers or headset*. You will be able to ask question or comment either by using a chat option or, if available, a microphone.

For further information on the technical requirements on your computer please consult the [client system requirements at www.adobe.com](http://www.adobe.com).

Registration:

Please register at registration@euVETsupport.eu. Registrations can be accepted until the day before the webinar, but earlier registrations are highly appreciated.

You will receive a link to the webinar a few days before the webinar takes place and will be able to enter the virtual room about 15 minutes before the webinar takes place.
